

## Technical Position Postings for Nebraska Shakespeare

Nebraska Shakespeare is committed “**To explore what it means to be human through the creative spirit of Shakespeare**”. We accomplish this through:

- The hiring of diverse staff. We actively seek to include people who have been historically underrepresented both on and off the stage.
- Bringing educational programs to underrepresented areas of our state. We acknowledge the disparity in population density and the economic barriers throughout Nebraska, and we create programs that promote engagement, diversity and embrace gender parity and inclusion.
- Promoting an organizational culture that fosters open dialogue. We believe in the core tenets of IDEAB (*inclusion, Diversity, Equity, Accessibility and Belonging*) for all people. These tenets inform every part of our work – from the shows we produce, direct and write, to the talent we hire and mentor, to the way we treat each other as colleagues and collaborators

**Our vision “An inclusive world of belonging for every Nebraskan through bold, authentic, artistic experiences.** We serve over 40,000 individuals annually through quality theatrical performances, educational programming, events and contests.
